

## **Councillor Profile – Tony Reed**

I moved to Euxton in 2009, to be near to our son and his family, after living in a small village just outside of Chester, however my early life was spent in the Stalybridge area, now part of Tameside.

On a personal level I have been married for 50 years, have 3 children, 2 girls and a boy and am blessed with 5 grandsons.

Making several friends living in the area, I have quickly settled in to living in Euxton, mainly through my interest in golf.

Now retired, my early working life was spent in engineering, but after some career changes finished my working life in finance and property.

I became interested in the workings of the Parish Council after attending their meetings over some months as a resident , when a vacancy occurred I applied and I was co-opted in May 2015.
